LS 15.0 Student Grievance Policy

Policy Statement

The Wichita Area Technical College encourages all students to pursue academic goals and other college sponsored activities that will promote intellectual growth and personal development. In pursuit of these goals, students should be free of unfair or improper action from any member of the academic community. Students, however, must also be aware that they are responsible for complying with all college policies and for maintaining the appropriate requirements as established by the instructor for each course in which they are enrolled. Grievance procedures have been developed to provide every student with a prompt and equitable means of seeking an appropriate remedy for any alleged violation of their rights.

General Provisions

Students should first attempt to informally resolve the issue with the other party. If the student feels that the grievance has not been resolved by conference within five (5) business days, a formal grievance may be submitted to the appropriate vice president.

Any retaliatory action of any kind by an employee or student of the college against any student as a result of filing a grievance under this policy, cooperating in an investigation, or other participation in these procedures is prohibited, and will be regarded as basis for disciplinary action.
